

## **Preface**

This report is based on a research project funded by the Employment Department. All views expressed are those of the authors and may not necessarily reflect those of the Employment Department.

We are grateful to Dennis Brooks of the Employment Department for his help and advice throughout the project. At PSI Jim Knox and Rex Baron gave us considerable practical assistance.

Our sincere thanks go to the many trainers and other people working in the field of race equality who gave us their time and shared their experiences and ideas with us.
